

MINNESOTA

SAFE HARBOR FOR ALL

*A grassroots movement to
end the criminalization of survivors,
hold exploiters accountable,
advocate for safety, open doors, and
create communities
free of sexual exploitation.*

WHY SH4ALL IS THE BEST MODEL TO END SEXUAL EXPLOITATION

- Shrinks the sex trade and works to end the normalization of sexual violence, objectification, and commodification
- Ends criminal penalties against adult survivors (which cause further harm, entrapment, and victim-blaming) of sexual exploitation, prostitution, and sex trafficking
- Increases exit ramps, housing, and supportive services for survivors and those at risk
- Trains helping professionals, develops best practice policies and protocols for survivor support/safety and exploiter accountability
- Increases demand-reduction efforts, accountability, visibility, and criminal penalties for exploiters
- Re-frames responsibility and places stigma where stigma belongs - on the *exploiters* rather than those *exploited*
